SUMMARY

Aspiring .NET Developer with hands-on experience in building scalable web applications using ASP.NET Core MVC, REST APIs, and Entity Framework. Skilled in authentication, database design, and clean architecture patterns like CQRS. Passionate about developing efficient backend systems and continuously learning modern technologies.

SKILLS AND INTEREST

- Programming Languages: C#, JavaScript, Python.
- Databases: SQL Server, PostgreSQL, MySQL.
- Frameworks & Technologies: ASP.NET Core, Web API, MVC, React.js, Entity Framework.
- Tools: Git, GitHub, Visual Studio, VS Code, Postman.
- Concepts: OOP, REST APIs, Clean Architecture, CQRS, JWT, OAuth.
- Soft Skills: Team collaboration, Problem-Solving, Communication, Willingness to learn.

EXPERIENCE

Naya Code Pvt. Ltd.

Kathmandu

.NET Intern / Trainee

Aug 2025 - June 2026

- Real Estate Aggregation Model: Built a secure, multi-tenant property management API using .NET Core, handling role-based access, document uploads, and automated logging.
- Bhoomika: Contributed to a comprehensive land management application, focusing on scalable backend architecture, database synchronization, and reliable feature delivery.
- Developed a scalable, banking-grade digital KYC and user management system using ASP.NET Core and React.
- Built secure RESTful APIs with JWT authentication, ASP.NET Identity, and Google OAuth integration.
- Implemented a dynamic RBAC system with custom authorization policies for fine-grained access control.
- Designed and managed PostgreSQL databases using Entity Framework Core, ensuring data integrity and efficient relationship handling.

Connexica Technologies Pvt. Ltd.

Kathmandu

.NET Intern

April 2025 - July 2025

- Developed basic backend APIs using ASP.NET Core Web API.
- Wrote simple SQL queries for inserting, updating, and retrieving data from SQL Server.
- Learned and assisted in database design and data validation.
- Tested API endpoints using Postman to verify responses and fix errors.
- Worked with senior developers and gained understanding of real-world development practices.

PROJECTS

E-Swasthya Centralized Healthcare Record System [Link](#)

- Built a role-based healthcare system with login for Admin, Hospital, and Patient.
- Admins manage hospitals, Hospitals manage doctors/patients, and Patients view their records.
- Implemented medical record history, prescription management, and secure login.
- Follows G2C e-governance model, Transaction stage of maturity model.

Tutor_Hub – Professional Educational Platform [Link](#)

- Developed RESTful APIs using ASP.NET Core, and Entity Framework Core.
- Built tutor application workflow including listings, applications, and session requests.
- Designed responsive UI using Tailwind CSS for teachers and parents.
- Used PostgreSQL and Validation to ensure data consistency and validation.

E-Commerce Website [Link](#)

- Developed a fully functional e-commerce platform to sell electronic gadgets.
- Implemented features like product listing, shopping cart, user authentication, and admin dashboard.
- Integrated payment gateway for smooth transactions.

EDUCATION

New Summit College

BSc. Computer Science and Information Technology

Shantinagar, Kathmandu

April 2022 – March 2026
